Target version:		**Spent time:**	0.00 hour

Description

On the art project issues page there are two issue (#8226 and #8227) for which I did not receive new issue alerts, even though the configuration has not changed at all recently.

History

#1 - 04/02/2015 10:05 AM - Lynn Garren

I have the same problem and have just resorted to editing my settings. Apparently you do get notified if you ask to be notified of changes to selected projects.
