Target version:		**Spent time:**	27.25 hours

Description

Need bpmcli commands for creating/editing/removing commands and command lists.

History

#1 - 06/15/2015 11:35 AM - John Diamond

- Status changed from New to Assigned

- % Done changed from 0 to 20

Implemented ct_show command.

#2 - 06/15/2015 12:30 PM - John Diamond

Implemented ct_show_list command.

#3 - 06/15/2015 12:30 PM - John Diamond

- % Done changed from 20 to 30

#4 - 06/16/2015 04:14 PM - John Diamond

- % Done changed from 30 to 50

First commit of the bpmcli ct_edit command.

#5 - 06/18/2015 01:14 PM - John Diamond

- % Done changed from 50 to 80

Committed a working version of the bpmcli ct_edit command.
We still need a way for deleting lists and commands.

#6 - 06/18/2015 06:09 PM - John Diamond

Implemented the bpmcli ct_enable command.
Also, dumping the cycle event => command list mapping as a part of ct_show.

#7 - 06/18/2015 06:30 PM - John Diamond

- Status changed from Assigned to Resolved

- % Done changed from 80 to 100

Added a delete command function to ct_edit.

#8 - 07/20/2015 04:35 PM - John Diamond

- Status changed from Resolved to Closed
