NuMI Beam																										
NuMI Beam Simulation																										
Merge NOvA, Minerva branches onto HEAD		New																								
Merge variants into unified single codebase		New																								
Convert Flugg to output Dk2Nu ntuples (...)		New																								
Convert g4numi to write Dk2Nu ntuples (...)		New																								
Package up "fluka" as a UPS product		New																								
Package up "flugg" as a UPS product		New																								
Package up "g4numi" as a UPS product		New																								
Eliminate geometry overlaps		New																								
Solve issue w/ flugg files having entries (...)		New																								
Running g4numi throws energy non-conservation (...)		New																								
Review request [commit:HEAD-20160913-203816: (...)		New
