Superconducting Quantum Computing																										
Runs																										
5GHz, Cavity, (TE5RI01) + quantum amplifiers		**New**																								
2.6GHz cavity (w/o qubit, w/grease TTS1AES002)		**New**																								
2.6 cavity with qubit (TTS1AES001)		**New**																								
Frequency detuning 2.6GHz		**New**																								
NIST 2D Qubit		**New**																								
DR1_Run_7		**New**																								
DR1_Run_8		**New**																								
DR1_Run_9		**New**																								
DR2_Run_1		**New**																								
DR1_Run_10						**New**
