

Electronic Collaboration Logbook - Feature #1038

Shifts

03/03/2011 10:37 AM - Igor Mandrichenko

Status:	New	Start date:	03/03/2011
Priority:	Low	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:		Spent time:	0.00 hour
Experiment:			
Description			
In the current CRL search page there is the concept of a shift which you could define in the Config page. This allowed you to search for all entries from say the Owl shift on a given day. This would be useful to have.			

History

#1 - 03/03/2011 10:47 AM - Igor Mandrichenko

Can be implemented as a set of saved searches by time of the day.
Need to add search by time of the day.

#2 - 09/19/2014 12:01 PM - Igor Mandrichenko

- Priority changed from Normal to High

#3 - 07/05/2016 11:30 AM - Margherita Vittone Wiersma

- Priority changed from High to Low

This could be interesting, returning entries based on the type of shift.
