

Fermi File Transfer Service - Feature #10390

prioritise upload by file type

10/05/2015 11:50 AM - Andrei Gaponenko

Description			
Hi,			
It will be useful to prioritise the upload order of different file types, for the cases when a backlog develops. NOvA already has a request for this feature (#7184), but it was posted to a NOvA tracker. I am opening it in the Fermi-FTS tracker as it is a generally useful feature.
