Category:		Estimated time:	1.00 hour
Target version:		Spent time:	1.00 hour
Description			
SBPMSB is flaky so we're going to replace it with a spare 2434 (RRZDMP).			
rrzdmp serial number is 8273770.			
Current sbpmsb IP:			
Name: sbpmsb.fnal.gov			
Address: 131.225.127.3			
ACNET node: \$0C1C			

History

#1 - 11/06/2015 12:23 PM - John Diamond

- Status changed from New to Resolved

Replaced hardware. Configured network and changed startup script to load 2434 libraries. Tested and verified. Submit network connection request (REQ000000251408) to document hardware swap.
