| <b>Description</b>  |                |                        |            |
| If you set the automate smooth arrow to any slot other than the "Send new settings" slot and smooth the abort button never disappears though the operation is complete. |                |                        |            |

### History

#1 - 01/28/2016 10:54 AM - Kyle Hazelwood

- File CNS14PC20160128105359.gif added

Selecting the abort button does not clear it.
