| Target version: | | Spent time: | 0.00 hour |
| Description | | | |
| Ning requests we install latest mirrtor_master - in support of gate width calibration - be installed on NBEAM. See Support #13359 . | | | |
| Issues: May requires proper adc or devId decoding (gwcenable devId, "microseconds"), see bug note in #13359 , and possibly a new NBEAM startup script. | | | |
