

Elog - Feature #14252

Don't like the look and would like filters added to entry

10/24/2016 04:52 PM - David Ifversen

Status:	Closed	Start date:	10/24/2016
Priority:	Low	Due date:

Target version:	Version 2.0	Spent time:	0.00 hour
Description			
OK, I'll submit it this way. Please lose the picture header - it's far too busy for an elog. Also, I absolutely hate the fact that you have to select a log every time you make an entry - it should default to the log selected for viewing. (There are far too many clicks to just submit an entry.) I also don't like the silly footer at the bottom of the page.

History

#1 - 10/24/2016 09:57 PM - Kyle Hazelwood

- Tracker changed from Bug to Feature
- Subject changed from New elog testing, version 2.0 to Don't like the look and would like filters added to entry
- Category set to Client
- Status changed from New to Feedback
- Target version set to Version 2.0

Please lose the picture header - it's far too busy for an elog.

I'll think about it. I actually like it but if enough people don't like it I'll consider changing it.

I absolutely hate the fact that you have to select a log every time you make an entry - it should default to the log selected for viewing. (There are far too many clicks to just submit an entry.)

The current elog does this. I found that the vast majority of entries tagged wrong were done so because that is what the user had selected and didn't bother changing the selections. I could possibly be convinced to bring it back.

I also don't like the silly footer at the bottom of the page.

The footer has to stay in some form. Fermi's policy requires it for all public sites.

The default log feature is only useful for those users who look at one or a few logs at a time. Dave and I are in different boats. If this feature is implemented the burden will be moved to me. If this is implemented, it should be implemented as an option so that the user can choose whether to auto fill the log field.

#4 - 01/12/2017 11:22 AM - Kyle Hazelwood

- Status changed from Feedback to Resolved
- Assignee set to Kyle Hazelwood
- Priority changed from Normal to Low

I've implemented the autofill on the test server. I agree with Beau that I should accommodate the more savvy elog users but unfortunately I feel I have

to put the burden on them instead of those that only care about one log because they are the ones less likely to see that extra button to autofill. I believe I will add a clear button for users like Beau.
