Description

What we mean is "jobs who are completed and whose output files are declared" but this is too long for a column heading...

History

#1 - 11/23/2016 04:26 PM - Marc Mengel

- Status changed from Assigned to Work in progress

So after some discussion, we concluded this should include a total jobs
column, and folks could see that the job state counts all totaled up to that.

- Status changed from Work in progress to Resolved

- % Done changed from 0 to 100

update in a2cbc9b11ef56d2a1a4fcbe55dca0bcb88c69021
and 78791502c8fd45d32dc49e49ba13086d6beec933
which I accidentally commented against the wrong issue in the commit.. sigh.

Anyhow, we have a totals column that makes it clearer that the assorted states all add up to the total.

#4 - 12/01/2016 04:46 PM - Marc Mengel

- Status changed from Closed to Work in progress

- Target version changed from v1_0_1 to v1_1_0

Reopening this one, we need to update the column headings as discussed;
We need

Completed		
All	Not Located	Located
100	50	50

for that section of the table

#5 - 12/16/2016 02:16 PM - Marc Mengel

- % Done changed from 100 to 90

Updated to have Completed with 3 subcategories: Total, Not Located, Located.
Need to have other folks look it oer...

#6 - 01/06/2017 06:17 PM - Marc Mengel

- Status changed from Work in progress to Resolved

Calling the new Completed with Total/Not Located/Located subcolumns a fix for this. If folks still find **that** confusing, we will make a new bug.

#7 - 01/06/2017 06:17 PM - Marc Mengel

- % Done changed from 90 to 100

#8 - 01/09/2017 09:53 AM - Marc Mengel

- Status changed from Resolved to Closed
