NOvA validation - Bug #14685

2D comparisons are still wretchedly ugly

11/28/2016 01:32 PM - Jeremy Wolcott

Target version:				

Description

Still need a better way of showing comparisons of 2D histograms: current method (contour plots) doesn't really look good for any of the current use cases (things like vertex positions).

- Maybe just show projections?
- Profiles?

Associated revisions

Revision 23728 - 01/13/2017 05:26 PM - Jeremy Wolcott

just ignore 2D plots in comparisons unless requested by user. they're
usually useless anyway

(addresses Redmine issue #14685)

- Status changed from Accepted to Resolved

Decided to just disable them by default (novaart:r23728) since they're usually useless anyway. There's now a configuration option 'force_2d_comp' which can be used to override this behavior if the user desires.
