Description			

History

#1 - 12/06/2016 09:57 AM - Michael Wren

I think that this is the preferred behavior if the email is sent without context. It makes the URL shorter when sending only one entry.

#2 - 12/06/2016 09:59 AM - Kyle Hazelwood

Sorry, I should have been more clear. The Bug is not with the entry link itself but rather the client redirect after the email is sent. Say you have a log selected before you choose to email entry. After the entry is sent you no longer have a log selected.

#3 - 12/06/2016 12:48 PM - Kyle Hazelwood

- Status changed from Assigned to Resolved

Fixed on test server.

#4 - 01/12/2017 12:35 PM - Kyle Hazelwood

- Status changed from Resolved to Closed

Released today.
