#### Description

To reduce confusion amongst our more hardware-oriented colleagues, it has been suggested to rename the "trigger" elements of CommandableFragmentGenerator.

This has been accomplished using a search-and-replace for "Trigger" to "Request", and re-writing the documentation for the triggeredReceiver example (now requestBasedDataFlow).

#### History

##### #1 - 01/11/2017 08:47 AM - Eric Flumerfelt

- Status changed from Resolved to Closed
- Target version changed from 576 to v2\_00\_00
