

Main Injector and Recycler Beam Loss Monitor Analysis Application (PA4178, I130) - Necessary Maintenance #15030

Need to switch to APVDB from APPDB

01/06/2017 11:02 AM - Kyle Hazelwood

Status:	Resolved	Start date:	01/06/2017
Priority:	Low	Due date:

Target version:		Spent time:	0.00 hour
Description			
I130 writes a lot of data to the DB. Currently with APPDB a log file is created for each insert. This has in the past disrupted access to APPDB from overloading its log. Guan has already copied data to APVDB but never switched the code over to use it.			

History

#1 - 01/06/2017 11:03 AM - Kyle Hazelwood

The switch has been made, currently testing.
