<b>Category:</b>	Database	<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>	Version 2.0	<b>Spent time:</b>	0.00 hour
<b>Description</b>			
I expect when using the http API that I can get all modified entries since a date using			
<a href="https://www-bd.fnal.gov/Elog/api/search/entries?sortingField=Modified+Date&amp;startDate=2017-01-27%2001:01:32">https://www-bd.fnal.gov/Elog/api/search/entries?sortingField=Modified+Date&amp;startDate=2017-01-27%2001:01:32</a>			
this didn't work.			
Any tips on how I can return the modified entries since date?

- Status changed from New to Assigned
- Assignee set to Kyle Hazelwood
- Priority changed from Normal to Low

There isn't any way currently. We need a isModified field to do this. When an entry is created its creation date and modified date are the same for sorting reasons. I'll add this to the to do list...

#### #2 - 08/24/2018 01:06 PM - Kyle Hazelwood

- Status changed from Assigned to Feedback

There are now fields for min/max creation date and min/max modified date. Try the "minimumModifiedDate" field for this query.
