

artdaq Utilities - Support #15715

Remove uniquifier from artdaq_epics_plugin

03/02/2017 11:42 AM - Eric Flumerfelt

Status:	Closed	Start date:	03/02/2017
Priority:	Normal	Due date:	
Assignee:	Eric Flumerfelt	% Done:	0%
Category:	artdaq-epics-plugin	Estimated time:	0.00 hour
Target version:	artdaq_epics_plugin v1_01_06	Spent time:	0.00 hour
Experiment:	-	Co-Assignees:	
Description			
Since the <i>artdaq_epics_plugin</i> metrics must be put into an IOC database, the names of the metrics must be predictable and static. The PID-based uniquifier does not meet this requirement, so has been removed.			

History
