Description

/grid/fermiapp/products/common/prd/sam_web_client/v2_1/NULL/python/samweb_client/http_client_requests.py:128:
DeprecationWarning: BaseException.message has been deprecated as of Python 2.6
errmsg = str(ex.message)

looks like we just want str(ex) these days(?).

History

#1 - 03/15/2017 05:17 PM - Robert Illingworth

Fixed by cbf15eff4124b2f5825b75f8eaddbc58eed0c6ca which I added a couple of weeks ago but never pushed to redmine.

You only see this if you're using requests, the API rather than the CLI, and if there's an SSL error. Which is why it went unnoticed for a long time.
