

VME BPM - Task #16574

Milestone # 16570 (New): Improvements for auto-tune operation

ACNET support for beam threshold

05/17/2017 11:05 AM - John Diamond

Status:	New	Start date:	05/17/2017
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:		Spent time:	0.00 hour
Description			
Implement support for reading & setting the beam threshold via ACNET. Create ACNET devices for SY BPM nodes.
