Target version:	v1_3_0_RC	Spent time:	1.00 hour
Description			
<p>Currently the CI phase used for ti run CI validation test is named "ci_tests_grid". In order to give a better name to this CI phase we can use the name "ci_validation" For backward compatibility we can use both names "ci_tests_grid" and "ci_validation" to identify this CI phase. Please, update the CI web app code to process these two CI phases the same way.</p>
