

Production Operations Management Service (POMS) - Bug #17183

file contents working intermittently

07/14/2017 11:20 AM - Marc Mengel

Status:	Closed	Start date:	07/14/2017
Priority:	Normal	Due date:	
Assignee:		% Done:	100%
Category:		Estimated time:	0.00 hour
Target version:	emergency_patch_12_Jul	Spent time:	0.00 hour
First Occurred:		Experiment:	-
Scope:	Internal	Stakeholders:	
Description			
<p>File contents was only working from the lead job in the submission. job_file_contents was looking up the submission lead-job-id, but was using the individual job's job_id to try to fetch the log file from fifebatch.</p> <p>2 char deletion patch. 3e3197d</p>
