

LArSoft - Task #17360

Provide a tool to facilitate the creation of track objects fulfilling the track requirements

08/03/2017 01:51 PM - Gianluca Petrillo

Status:	Resolved	Start date:	08/03/2017
Priority:	Normal	Due date:	
Assignee:	Giuseppe Cerati	% Done:	100%
Category:	Reconstruction	Estimated time:	0.00 hour
Target version:	2017-3-quarter	Spent time:	0.00 hour
Description			
<p>The tracking revision has identified requirements for tracking objects, and in particular recob::Track, which need to be enforced. The proper fulfillment of those requirements is not always trivial.</p> <p>A utility or set of utilities will be provided, that allows an easy way to fulfill the requirements. This will include a simple way to manually upgrade existing tracking code to support the requirements.</p>
