<b>Description</b>			
An entry's id link use to reference the entry with the current context. It appears that now it only links to the current context and not the entry. For example: <a href="https://www-bd.fnal.gov/Elog/?orEntryId=115350">https://www-bd.fnal.gov/Elog/?orEntryId=115350</a> The id link on this entry points to <a href="https://www-bd.fnal.gov/Elog/">https://www-bd.fnal.gov/Elog/</a> instead of <a href="https://www-bd.fnal.gov/Elog/?orEntryId=115350">https://www-bd.fnal.gov/Elog/?orEntryId=115350</a>  <a href="https://www-bd.fnal.gov/Elog/?orEntryId=115350&amp;norLogName=Accelerator+Projects&amp;entryLimit=250&amp;sortingField=Modified+Date">https://www-bd.fnal.gov/Elog/?orEntryId=115350&amp;norLogName=Accelerator+Projects&amp;entryLimit=250&amp;sortingField=Modified+Date</a> The id link on this entry points to <a href="https://www-bd.fnal.gov/Elog/?norLogName=Accelerator+Projects&amp;entryLimit=250&amp;sortingField=Modified+Date">https://www-bd.fnal.gov/Elog/?norLogName=Accelerator+Projects&amp;entryLimit=250&amp;sortingField=Modified+Date</a> instead of <a href="https://www-bd.fnal.gov/Elog/?orEntryId=115350&amp;norLogName=Accelerator+Projects&amp;entryLimit=250&amp;sortingField=Modified+Date">https://www-bd.fnal.gov/Elog/?orEntryId=115350&amp;norLogName=Accelerator+Projects&amp;entryLimit=250&amp;sortingField=Modified+Date</a>			

### History

#### #1 - 08/28/2017 01:11 AM - Beau Harrison

I actually understand what is going on now.

If the entry id is a filter then the entry id link doesn't include the entry id.

Is this desired? I preferred previous behavior. I don't like the context when I copy this link so I tend to paste it into another window so I can remove all of that.

While I am at it, is the context necessary when using this link? I'd prefer that entry id link were just to the entry

<https://www-bd.fnal.gov/Elog/?orEntryId=115350> without any context

<https://www-bd.fnal.gov/Elog/?orEntryId=115350&norLogName=Accelerator+Projects&entryLimit=250&sortingField=Modified+Date>

Thanks

#### #2 - 11/16/2017 11:08 AM - Kyle Hazelwood

- Tracker changed from Bug to Feature

- Category set to Client

- Status changed from New to Assigned

- Assignee set to Kyle Hazelwood

- Priority changed from Normal to Low

- Target version set to Version 2.0

The thought was that one could keep adding or subtracting entry ids. But I agree, it is most used for copy entry links and should probably be just that.

#### #3 - 11/16/2017 11:15 AM - Kyle Hazelwood

- Status changed from Assigned to Resolved

Fixed on the next restart.

#### #4 - 12/19/2017 12:02 PM - Kyle Hazelwood

- Status changed from Resolved to Closed
