

Fermi File Transfer Service - Bug #18272

Retry all when storage is slow can block entire server

11/14/2017 04:30 PM - Robert Illingworth

Status:	Resolved	Start date:	11/14/2017
Priority:	Normal	Due date:	
Assignee:	Robert Illingworth	% Done:	100%
Category:		Estimated time:	0.00 hour
Target version:	v6_0_0	Spent time:	0.00 hour
Description			
The retry all operation makes blocking stat calls and so can halt the entire server if the storage is slow or there are a large number of files.
