

## Elog - Bug #18323

### Bad SQL log users query

11/16/2017 04:02 PM - Kyle Hazelwood

<b>Status:</b>	Closed	<b>Start date:</b>	11/16/2017

<b>Description</b>			
Apparently there is a bad SQL query in the searchLogsUsers() method that complains. It complains of a missing FROM clause for table logs_categories which should not even be looked at in this method.			

#### History

##### #1 - 11/16/2017 04:03 PM - Kyle Hazelwood

- Status changed from Assigned to Resolved

Found the problem, the query was doing a join on the logs\_categories table when it should have been looking at the logs\_users table. Fixed on next elog restart.

##### #2 - 12/19/2017 12:02 PM - Kyle Hazelwood

- Status changed from Resolved to Closed
