

MI/RR IPM - Idea #18634

Saved files list should be optimized for humans

Description			
The list of save files would be more useful if it were ordered by most recent files first. Also making it more human readable would be nice. (ie. instead of "R4HIPM20170518_083509.dat" display it as "R4IPM 2017-05-18 08:35:09")
