Description

addUsers.py should take users info: experiment affiliation and related role.

Can be set to use FERRY or VOMS until FERRY is in production and works as expected (Analysis users are only available with FERRY).

If a user is not in FERRY/VOMS for an experiment her/his "fake POMS membership record" will be set to inactive in POMS.

Analysis users will be skipped for all experiments when running FERRY until POMS will support analysis jobs.

Subtasks:

Bug # 18945: addusers.py does not update POMS when VOMS data for existing experimenter ...	Closed
Bug # 19029: addusers.py seems to switch to inactive users with production role.	Closed
Bug # 19055: People with role production in VOMS have analysis role in POMS.	Closed

History

#1 - 02/19/2018 10:15 AM - Anna Mazzacane

- Status changed from New to Assigned
- Assignee set to Stephen White
- Target version set to v3_0_0

#2 - 02/19/2018 10:15 AM - Anna Mazzacane

- Stakeholders updated

#3 - 02/19/2018 11:36 AM - Anna Mazzacane

- Subject changed from addUsers.py development to addusers.py development

#4 - 02/19/2018 03:05 PM - Stephen White

addusers.py will be run in development and integration for now.
For now we will use VOMS as FERRY is not receiving nightly updates from VOMS. Once that is in place we can consider switching to FERRY.

#5 - 02/21/2018 01:49 PM - Stephen White

- Status changed from Assigned to Resolved

New version of addusers.py is now in production. It is set to use VOMS, for now and does not add users with the Analysis role.
