Off-the-Shelf DAQ - Bug #19283

Clicking Desktop icon should restore minimized window before opening new

03/06/2018 07:49 AM - Eric Flumerfelt

Status:	Closed		**Start date:**	03/06/2018
Priority:	Normal		**Due date:**

Target version:			**Spent time:**	0.00 hour

Description

Behavior observed: Clicking the "State Machine" button when the "State Machine" window is minimized has no effect (I think because it's a one-instance-only window). It should restore the open window.
