<b>Target version:</b>	Version 2.0	<b>Spent time:</b>	0.00 hour
<b>Description</b>			
As a super admin I am unable to write to the IFTB log which is marked inactive. Apparently, Steve Hahn who has no admin privileges was able to write to the IFTB log on May 1, 2018 even though the log was marked inactive November 10, 2017. I emulated Steve's user and indeed, the IFTB is still available for selection. Not good.
