Target version:	Version 2.0	Spent time:	0.00 hour
Description			
<p>Kelly Rubrecht was getting a ConcurrencyModificationException when trying to add/edit a comment or edit an entry that had a hidden comment made by someone else but with herself tagged as the coauthor. I emulated her user and was able to recreate the problem. Logging in as myself with super admin privileges, I did not see the problem. After I removed Kelly as a coauthor on the hidden comment, the problem went away.</p>
