

Elog - Feature #20228

Features Like Auto-Update and Infiite Scroll Should be User Based

06/26/2018 08:41 PM - Beau Harrison

Description			
<p>Auto-update and infinite scroll don't carry any value in sharing ELog entries. These are preferences for a particular user and thus shouldn't be a part of the URL to prevent overly complicated links. I haven't completely thought out all the scenarios but this is likely the case for the thumbnail settings as well as number entries. Limit 1 is the only view that is likely useful to share.</p>
