

## artdaq - Support #20340

### run tests and improve the system so we can run at higher rates at protoDUNE

07/18/2018 09:53 AM - Kurt Biery

<b>Status:</b> New	<b>Start date:</b> 07/18/2018
<b>Priority:</b> High	<b>Due date:</b>
<b>Assignee:</b>	<b>% Done:</b> 0%
<b>Category:</b>	<b>Estimated time:</b> 0.00 hour
<b>Target version:</b>	<b>Co-Assignees:</b>
<b>Experiment:</b> -	
<b>Description</b> wes during his day, us during our day  Two things: <ul style="list-style-type: none"><li>• purely on the DAQ side</li><li>• limit on the art side</li></ul>	

#### History

---

**#1 - 07/18/2018 10:04 AM - Kurt Biery**

Kyle asked about automated testing - we have that with command-line DAQInterface, but there is value in using Run Control upon occasion.

**#2 - 07/18/2018 11:45 AM - Kurt Biery**

- Priority changed from Normal to High

**#3 - 08/01/2018 01:13 PM - Kurt Biery**

- File *pdune\_rate\_tests\_31Jul.docx* added

I'm not sure what the earlier text contributed to this issue means, but I'm going to attach some results from tests that I ran yesterday. These will likely need to be redone, but they're here for completeness.
