- Status changed from New to Assigned
- Assignee set to Kurt Biery

#2 - 07/24/2018 04:18 PM - Kurt Biery

I talked with Jeremy this afternoon and suggested that he try my ToyComponent_EBwriting00013 configuration as a starting point.

His recollection is that his metadata module is already part of the dune-artdaq code base, so the first testing will only require configuration changes. Of course, he will want to quickly add features once he gets the basics working.
