- Status changed from New to Work in progress

I believe that there is a new fhiclcpp release available, but we haven't started to use it.

##### #2 - 08/06/2018 09:37 AM - Kyle Knoepfel

The new fhiclcpp version (and associated cetlib version) is discussed in issue [#20374](#). The new version, however, only incorporates speedups to fhicl-dump, and it does not expand the parser's functionality.
