LAr Batch Tools - Bug #20869

project.py not sourcing tarball correctly.

09/18/2018 02:18 AM - Jason Stock

Status:	Assigned		**Start date:**	09/18/2018
Priority:	Urgent		**Due date:**

Description

When submitting jobs to the grid using a local flag in my xml with a tarball, it is still pulling fcl files from the system installation of larsoft. This makes it impossible for me to run any jobs with project.py using code from new branches.
