

artdaq - Bug #20884

Don't add entries to the Routing Table for sequence IDs which have already been sent

09/19/2018 01:23 PM - Eric Flumerfelt

Status:	Closed	Start date:	09/19/2018
Priority:	Normal	Due date:	
Assignee:	Eric Flumerfelt	% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:	artdaq v3_03_00	Co-Assignees:	
Experiment:	-		
Description			
If a Routing table is re-transmitted by the Routing Master, senders which received the routing table the first time may have already sent Fragments with that information, and removed the appropriate entries from the routing table. In that situation, DataSenderManager should be sure not to add those entries back into the routing table.
