<b>Description</b>			
There is a document with GlideinWMS tools but it includes very few of them: <a href="http://glideinwms.fnal.gov/doc.prd/components/tools.html">http://glideinwms.fnal.gov/doc.prd/components/tools.html</a>			
This should include at least a list of the tools and all is needed for the users to take advantage of the tools for most time, a couple of lines w/ description and one invocation example should suffice.
