Description

Mu2e has requested *artdaq* support for *art* v2_11_05, the s73 qualifier.

artdaq already supports the v2_11 series of *art* through the s67 qualifier.

I have performed basic testing as follows:

- *artdaq's* develop branch builds against s73 with no code changes
- All unit tests complete successfully
- The demo runs and produces data files which can be read using rawEventDump and toyDump
- *art* v2_11_01 (s67) can read the data file produced by s73

History

#1 - 01/30/2019 02:25 PM - Eric Flumerfelt

- Status changed from New to Resolved

#2 - 02/01/2019 03:50 PM - Eric Flumerfelt

- Target version set to artdaq v3_03_02

- Status changed from Resolved to Closed
