

## Fermi Redmine - Bug #21722

### Diffs aren't Human-readable, Hex-encoded

01/18/2019 10:08 AM - Beau Harrison

<b>Status:</b>	Resolved	<b>Start date:</b>	01/18/2019
<b>Priority:</b>	High	<b>Due date:</b>	
<b>Assignee:</b>		<b>% Done:</b>	0%
<b>Category:</b>		<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>		<b>Spent time:</b>	0.00 hour
<b>Description</b>			
Viewing a diff in Redmine now just shows the hex-encoded ASCII instead of the text.			
See: <a href="https://cdcvs.fnal.gov/redmine/projects/acsys-fe/wiki/Setting_Up_Erlang/7/diff">https://cdcvs.fnal.gov/redmine/projects/acsys-fe/wiki/Setting_Up_Erlang/7/diff</a>			
I first noticed this yesterday. I'm guessing it has something to do with the database upgrade? <a href="https://cdcvs.fnal.gov/redmine/news/231">https://cdcvs.fnal.gov/redmine/news/231</a>			

### History

#### #1 - 01/18/2019 03:32 PM - Marc Mengel

Looks like we're suffering from:

<https://www.redmine.org/issues/7677>

I put in a ticket to the DBA's to switch the hexa format...

Thanks for the report!

#### #2 - 01/18/2019 04:12 PM - Marc Mengel

Okay, this should be better now...

#### #3 - 01/18/2019 04:12 PM - Marc Mengel

- Status changed from New to Resolved

#### #4 - 01/19/2019 01:04 AM - Beau Harrison

Great! Thanks, everything looks to be working.
