Description

We want a new MCC9 production patch release uboonecode v08_00_00_11.

This release should be based off larsoft v08_05_00_04a.

This release should be built off of the heads of uboone suite package branches v08_00_00_br.

Please merge the following branches (these are also listed on the mcc9 releases wiki under "approved branches").

ubana: feature/kduffy_mcc9pid_bitsetfix
ubreco: feature/feature_davidc_showerintegration4
ubana: brussell_edep_overlay
ubreco: feature/wcopreco_deadch_fix
uboonecode: feature/wcopreco_fcl_updates
