IF Data Handling Client Tools (ifdhc) - Feature #22886

Charge default srm: protocol behavior to match current srm-gfal protocol settings in ifdh.cfg

07/09/2019 10:11 PM - Kenneth Herner

Description

Per our discussion this afternoon, since the srm tools are extremely rare now, and the functionality is all available through the gfal tools, perhaps it is time to just make the settings currently in the srm-gfal protocol stanza in ifdh.cfg the default for the standard srm protocol as well.
