<b>Description</b>			
<p>There are cases where the XML tag inputlist, has a list of files not declared to SAM. Those files can also have same filename, but located in different directories. In case files are not declared, In order to create a SAM dataset, it is needed to:</p> <ul style="list-style-type: none"><li>• rename files</li><li>• declare files</li><li>• add them to a SAM dataset</li></ul>
