Description

on POMS dev instance, when I try to submit jobs for POMS campaign **test_vito_submit_multi_independent_stages**:
experiment: uboone
campaign id: 1239
role: analysis

In the browser I got the following error:

```
400 Bad Parameters:  
Invalid argument: ValueError('too many values to unpack (expected 3)',)
```

When I try to submit jobs from command line using poms_client, I got the following error:

```
Traceback (most recent call last):  
  File "/uboone/app/users/vito/project.py/converter/project-py/bin/Project.py", line 477, in <module>  
    experiment=my_experiment)  
  File "/uboone/app/users/vito/project.py/converter/poms/poms_client/python/poms_client.py", line  
295, in launch_campaign_stage_jobs  
    experiment=experiment)  
  File "/uboone/app/users/vito/project.py/converter/poms/poms_client/python/poms_client.py", line  
735, in make_poms_call  
    raise RuntimeError("POMS call %s error: HTTP status: %d\n%s" % (method, status_code, res))  
RuntimeError: POMS call launch_jobs error: HTTP status: 400
```

History

#1 - 08/20/2019 03:18 PM - Vito Di Benedetto

I get the same error also when from the POMS campaign page:

https://fermicloud045.fnal.gov/poms/show_campaign_stages/uboone/analysis?campaign_name=test_vito_submit_multi_independent_stages&view_active=view_active&view_mine=29&view_others=29&view_analysis=view_analysis&update_view=update_view

I try to access the stage page for stage 'overlay_training_trajcluster'. The URL I get and is producing the same error is:

https://fermicloud045.fnal.gov/poms/campaign_stage_info/uboone/analysis?campaign_stage_id=2072

#2 - 08/20/2019 04:34 PM - Marc Mengel

- % Done changed from 0 to 100

- Status changed from New to Resolved

Fastfinger in previous fix.

should be better now.

#3 - 08/20/2019 04:58 PM - Vito Di Benedetto

Yes, this works too!

Thanks
