History

#1 - 03/07/2020 11:10 PM - Arthur Kreymer

- Copied from Support #21449: ANNIE 2019 computing request for SCPMT added

#2 - 03/07/2020 11:12 PM - Arthur Kreymer

I received the following email, with no follow up.

Date: Tue, 25 Feb 2020 18:56:25 +0000
From: Margaret Votava <votava@fnal.gov>
To: cs-liaison <cs-liaison@fnal.gov>
Subject: FCRSG (Formerly SCPMT) 2020 dates
Parts/Attachments:
1 OK ~247 bytes Text
2 Shown ~2.2 KB Text

Dear liaisons,

Please notify your experiments of the review dates of April 14/15. More details to follow as the agenda solidifies.

We will be requesting you to fill out the details of your requests shortly.

Thanks,

Margaret

#3 - 03/07/2020 11:14 PM - Arthur Kreymer

The official review area is in Sharepoint, at
<https://fermipoint.fnal.gov/org/cs/ocio/sm/smi/brm/sppmwg/SitePages/Home.aspx>

I see no 2020 content.

#4 - 03/07/2020 11:30 PM - Arthur Kreymer

Annie disk/tape resources are presently :

USE / CAP	TB	WHAT	HOW
2 / 2		/annie/app	df -h
3.6 / 4		/annie/data	df -h
43 / 49		dCache persistent	https://fndca3a.fnal.gov/cgi-bin/du CGI.py
81 /		annieraw tape	https://fndca.fnal.gov/cgi-bin/space_usage.py
9 /		anniepro tape	https://fndca.fnal.gov/cgi-bin/space_usage.py

#5 - 03/09/2020 04:33 PM - Arthur Kreymer

Date: Mon, 9 Mar 2020 15:47:35 +0000
From: Margaret Votava <votava@fnal.gov>
To: cs-liaison <cs-liaison@fnal.gov>

Due to a late minute conflict by both Jim and Liz, the FCRSG (formerly SCPMT) meeting has been reschedule to e arly May.

#6 - 03/29/2020 10:50 PM - Arthur Kreymer

From: Margaret Votava <votava@fnal.gov>

Subject: FCRSG Templates are new ready
Date: Fri, 27 Mar 2020 21:01:12 +0000

Dear Liaisons,

We have finished the templates for your slide presentations for FCRSG 2020. The following experiments need to provide slides, although not all may necessarily present: DES, DUNE, Icarus, LSST, uboone, MINERvA, MinibooNE, MINOS, MU2e, Muon g-2, NOvA, SBND.

The template is actually using DUNE numbers as an actual use case, so DUNE does not have to fill in 2019 numbers/plots in their tables.

What we need from your experiment:

Copy the template example slides from here:

https://fermipoint.fnal.gov/project/sppm/_layouts/15/WopiFrame.aspx?sourcedoc=%7B2D44D23E-C3A8-4C96-A358-6C5DFDD559A7%7D&file=SCPMT%202020%20Slide%20Template%20Overview.pptx&action=default

Replace all the plots with the plots for your experiment. Updated plots can be found here.

<https://fifemon.fnal.gov/monitor/d/r6UDhH-iz/sppm-sc-pmt-prep?orgld=1>

Replace all the CY19 usage numbers with those found in the spreadsheet located here.

https://fermipoint.fnal.gov/project/sppm/_layouts/15/WopiFrame.aspx?sourcedoc=%7BB9FAF306-B57F-4BA4-8BC9-B3FD6E27B116%7D&file=History_and_Requests_2020.xlsx&action=default

These numbers were extracted from the plots in the above link.

Update all tables with your estimates for 20/21/22

Update all slides as indicated by the yellow arrows.

For slide 14, it would be nice to indicate any progress from your items listed last year.

When completed, upload your slidedeck here.

<https://fermipoint.fnal.gov/project/sppm/Working%20Group%20Documents/Forms/2020pres.aspx>

Please use a consistent naming convention, eg :FCRSG 2020 - <experiment>.ppt"

Please have a first draft of slides uploaded by April 13th, so we have time to digest before the May 4/5th Review.

As a reminder, the tentative review agenda can be found here.

<https://indico.fnal.gov/event/23475/>

Thank you all for cooperation during this unusual scheduling year.

Margaret

#7 - 04/03/2020 10:46 AM - Arthur Kreymer

We should list existing and planned interactive and DAQ systems.

We presently have

NODE	ALIAS	OS	USAGE
anniegpvm01	annie01	SLF6	interactive
anniegpvm02	annie02	SLF6	interactive
anniesl7gpvm01		SLF7	interactive
annieimagegpvm01		SLF7	interactive

By November 2020 we need to retire the SLF6 interactive nodes, and add a second SLF7 interactive node. I suggest asking for aliases annie70 and annie71 for the two SL7 nodes

NODE	ALIAS	OS	USAGE
anniesl7gpvm01	annie70	SLF7	interactive
anniesl7gpvm02	annie71	SLF7	interactive
annieimagegpvm01		SLF7	interactive

#8 - 04/27/2020 01:10 PM - Arthur Kreymer

- Due date changed from 04/13/2020 to 05/04/2020

I see no slides yet at

<https://fermipoint.fnal.gov/project/sppm/Working%20Group%20Documents/Forms/2020pres.aspx>

The FCRSG meeting is still scheduled next Monday and Tuesday.

#9 - 04/27/2020 01:29 PM - Arthur Kreymer

Thanks to Kevin Retzke for the hint. There is a by-user breakdown of Persistent dCache usage at

<https://landscape.fnal.gov/monitor/d/000000175/dcache-persistent-usage-by-vo?orgId=1&var-VO=annie>

#10 - 05/06/2020 07:43 AM - Arthur Kreymer

The preliminary FCRSG closeout report is linked from the meeting site

<https://indico.fnal.gov/event/23475/>
