Description			
The code resolving a ticket was not merged in a release It would be nice to have an automated mechanism to check if the branches from all the tickets have been merged. Should be:			
<ul style="list-style-type: none">• low or no overhead for the developers• easy for the librarian			

History

#1 - 05/06/2020 02:12 PM - Marco Mambelli

- Assignee changed from Marco Mambelli to Dennis Box
- Status changed from New to Feedback

New script in v36/24346:

- developers must use the already agreed schema with branch names including the issue ID
- librarian can verify the branches flagged by the script
