

dunetpc - Bug #25125

Pandora track/shower characterisation update for ProtoDUNE

10/26/2020 12:42 PM - Andrew Chappell

Status:	Closed	Start date:	10/26/2020
Priority:	Normal	Due date:	
Assignee:	Etienne Chardonnet	% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:			
Description			
Feature branch feature/chappell_pdsp_ts_update contains an XML configuration update for ProtoDUNE-SP associated with the LArSoft PR https://github.com/LArSoft/larpandoracontent/pull/15 .			
These updates are designed to improve the robustness of the track/shower characterisation feature introduced in larpandoracontent v03_20_00. Please could this feature branch be merged into dunetpc once the associated LArSoft PR has been merged into a LArSoft release?			

History
