

GlideinWMS - Idea #3165

Remove condor_q from the factory

12/08/2012 01:45 AM - Igor Sfiligoi

Status:	New	Start date:	12/08/2012
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Factory	Estimated time:	0.00 hour
Target version:	v3_x	Spent time:	0.00 hour
Stakeholders:			

Description

The factory is currently using condor_q to query the status of the jobs it manages.

However, there is no real need to do so... the factory could easily just parse the Condor Event log and get the same result. With 7.9.1, you can even use condor_history for this.

Log parsing should scale much better than condor_q.

History

#1 - 01/07/2013 02:44 PM - Burt Holzman

- Target version set to v3_1

#2 - 04/29/2013 02:00 PM - Burt Holzman

- Target version changed from v3_1 to v3_x

#3 - 05/19/2015 01:59 PM - Parag Mhashilkar

- Assignee deleted (Igor Sfiligoi)

Igor Sfiligoi's tickets. These were some ideas brewing up in his mind but they never materialized or got priority.
