

NOvA Online Monitoring - Feature #3646

Plane/Cell labeling for plots

04/02/2013 11:32 AM - Mark Messier

Status:	Closed	Start date:	04/02/2013
Priority:	Normal	Due date:	
Assignee:		% Done:	100%
Category:		Estimated time:	0.00 hour
Target version:		Spent time:	12.00 hours
Description			
We should make new options for the displays of plane/cell hit map, "pcx", "pxy", maybe? These would show the plane/cells in the "cat walk" view which has z running from right to left and cells going from 0 to max vertically up on y cells and cells going from 0 to mx vertically down on y cells
