Description			
<p>Present: Jim O'Leary, Mitch, rreitz, zalokar, fromm, lauri.</p> <p>JOL presents his proposal for new hardware: HP with 16 cores (room for growth). Cost (\$5700) includes lights out management features, dual path fiber channel into SAN, 32Gb memory. (Cost does not include 2Tb on SAN \$1500/year, or RH license 8x5 @\$750/year). This quote makes everybody happy.</p> <p>JOL needs BLI to purchase. Ask JK.</p> <p>Target July 16 for installation date, but depends on the hw being here and configured. Svetlana will be out during July. We need her input on whether or not she needs to be here when we go live, or if Jerry can deal with things by then.</p>
