

NuMI Beam Simulation - Support #4177

Merge variants into unified single codebase

06/20/2013 01:24 PM - Robert Hatcher

Status:	New	Start date:	06/20/2013
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:		Spent time:	0.00 hour
Description			
Take the best code from the 3 branches (original, extra-crispy NOvA, Minerva) and merge onto the HEAD from whence future development should proceed.
